### NIRAMAX GROUP LIMITED - INSURANCE CERTIFICATION

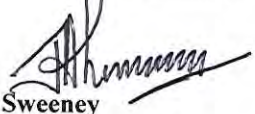

We have pleasure in providing details of our client's liability insurance arrangements. The purpose of this document is to demonstrate that Niramax Group Limited carry a range of insurance policies designed to offer comprehensive insurance protection.

They do have further policies, and an in-depth study of Niramax Group's requirements, together with their customers, means the policies are suitable and wide enough for today's challenging commercial requirements.

**Point of Note:** There are many insurance contracts available within the UK today – many are with companies who are based abroad trading on a passport arrangement into the UK – many offer uncertain, fragile security with onerous clauses and conditions.

On a formal basis we would point out our clients insurers are ABI approved, and members of the Financial Services Compensation Scheme. We are BIBA members, ISO9001 accredited and NEBOSH/IOSH qualified. In today's turbulent financial markets, you are in very safe hands.
